

# GLAZED EXPECTATIONS

Is Announcing  
CREATIVE AFTER SCHOOL SCULPTURE CLASSES  
CHILDREN AGES 5 - 16  
TUESDAY – FRIDAY  
1 ½ hour sessions once or more a week

Are you looking for creative after school opportunities for your children? Put them in clay! Working with clay helps children develop coordination, concentration, and teaches them how to transform ideas into creative expression. They will learn many different kinds of techniques, such as: pinching, coiling, slab work, cartooning (figurines), abstract work, and various textured applications. As the class proceeds, they will be gaining knowledge about the materials they use and kiln operation. No experience necessary. We have small class sizes. Tuition includes studio fees and firings.

## THE BOTTOM LINE

\$25 per session or \$100/4 week month. Students can choose which weekday will become their regular class day. Apply early for a secured place in the class. 50% deposit required to hold a spot. Classes are scheduled in 15 minute intervals and run for 90 minutes between 3:00pm until 6:00pm Tuesdays through Fridays.
